SUMMARY

Experienced and passionate .Net Developer with >2.5 years of expertise in creating high-quality software systems. Proficient in .Net technologies and skilled in SQL Server, with a proven track record of optimizing software performance. Effective multitasker with a strong dedication to continuous improvement and staying current in the rapidly evolving field of software development.

SKILLS

Languages: C#, SQL, Python, JavaScript, HTML, C++, C, Java, TypeScript.

Technologies: .NET MVC, WEB API's, Angular, postgresql, MicroServices, Microsoft SQL, Web Technologies (html, css, Bootstrap, JS, JQuery), Entity Framework, Flask, Kafka, Dkron.

OtherSkills: Problem solving, Data Structures, OOPS, SOLID principles, Design Patterns, SDLC, AGILE, UNIT Testing.

EXPERIENCE

08/2021 – 08/2023 **CSR Religious Trusts.**

TCS

- As a DOT NET full-stack developer at TCS, I actively contributed to the development of applications focused on pilgrim and revenue management.
- Managed both development and operational tasks, specializing in SQL and C# backend development, as well as front-end technologies like ASP, MVC, HTML, CSS, Bootstrap, and JavaScript/jQuery.
- Collaborated closely with cross-functional teams to ensure timely delivery of high-quality solutions adhering to industry standards.
- Played a key role in enhancing application responsiveness and scalability through code refactoring and performance tuning initiatives.
- I collaborated closely with clients throughout the development process to ensure alignment with their requirements and expectations.

MS SQL / Dotnet / JQuery

08/2023 – present **Outplay Sales Product**

OUTPLAY

- As a full-stack developer at Outplay, a renowned product-based company specializing in sales engagement platforms, I leverage my expertise in .NET and Angular technologies.
- I apply my proficiency in .NET and Angular to address product issues and optimize performance, resolving challenges like NGSQl timeout exceptions.
- Within the Agile framework, I play a pivotal role in managing Jira tickets and actively contribute by taking on assigned stories during sprint planning sessions. This ensures efficient project management and effective distribution of tasks throughout the development cycle.
- Collaborating closely with a seasoned team, I leverage their expertise to enhance my skills and effectively tackle complex challenges in product development.
- Within a small, dynamic team environment, I take on assigned tasks, fostering collaboration and knowledge sharing to drive continuous improvement.

PostgreSQL / Dotnet / Angular

PROJECTS

ML & Flask

COVID-19 Detector.

- As a team we build a web application which captures chest x- ray images and detect whether the patient having COVID or not.
- We used RESNET -18 algorithm for creating the ML model and used sql, flask, html, css, js and bootstrap to develop the application during our academics.
- Developed strong communication and organizational skills through working on group projects.

EDUCATION

06/2017 - 6/2021 **Bachelor of Technology**

Aditya Engineering College

Participated in web designing contests, presentations, and won awards for excellence in web design.

06/2015 - 04/2017 **Intermediate**

Sri Chaitanya

I completed my 12th-grade education with a focus on Mathematics, Physics, and Chemistry (MPC), providing me with a strong foundation in core science subjects.

05/2014 - 04/2015 **SSC - 10th grade**

Sri Balaji

ACHIEVEMENTS

- **Veda Merit** : Got first place in web development event conducted in our college on the occasion of Engineer's day.
- **Work**: Management and client appreciation for the support during a critical time
- **Certification** : Earned 6start certificate for problem solving in Hacker Rank.

LANGUAGES (OUT OF 10)

English - 9,
